Alpha Edi *Remote France*

Sep2022 - Nov 2022

I participated in two projects : a booking system using pug.js and node, and another involving a restaurant using react.js.

PROJECTS

Portfolio

Jan /1 /2022 - Feb /1 /2022

Worked on a client's portfolio project that included a dashboard and pages with four pages (About, Blogs, Experience , Contact).

I finished it by using the MERN stack

LMS

Feb /25/2022 - Apr /15 /2022

I worked on a project that required me to construct pages for administrators, students, classes, sections, reports, and attendance, as well as manage them so that administrators could add, amend, and delete them.

Using Laravel's PHP LMS and React to log in:

yahya@gmail.com; YY12hh@#; as the password [LMS](#)

Kheir w barake

May 15 2022- july10

I worked on a project for a client whose website was out-of-date and who wanted a simple shopping experience for his customers, therefore he needed a website to provide everything from categories, items, and cart codes.
